INDEPENDENT STEAMSHIPS

McCandless Says the Matter Is Up to the Merchants.

George W. Smith was re-elected yesterday as president of the Merchants' Association. The other officers are Robert Catton, vice-president; E. H. Paris, secretary; W. W. Harris, treasurer.

During the meeting of the directors of the association, J. A. McCandless, who went to the Coast several weeks ago to look up the prospect of getting a steamer to put on the Honolulu-San Francisco run, to be owned by local capital, gave some data concerning the results of his trip. He stated that he had received a request from mainland promoters who are desirous of putting on a couple of steamers, asking him to ascertain the views of local people relative to their proposition.

Mr. McCandless informed the directors that there were two combinations at work on the project on the mainland, independent of the recently proposed Seattle-Honolulu line, and they were in earnest. Their proposition, of course, depended largely on whether they could get freight business from the Islands. Mr. McCandless said that the local people were not asked to subscribe to stock. Should freight contracts offer the mainland promoters were ready to commence building steamers, or at least one to start with. A steamer of the kind proposed could make the trip in five-and-a-half days and could carry 250 passengers.

The Merchants' Association discussed the matter after Mr. McCandless withdrew. There was a general feeling that the time was ripe for the merchants to make contracts of the kind.

President Smith at length appointed as a special committee, Messrs. W. F. Dillingham, A. Gartley and E. H. Paris to sound the business community on the proposition.

Mr. McCandless says it is now up to Honolulu to take up or discard the proposition. He says that the sugar men will surely furnish the freight to make the project a go.

A satisfactory arrangement was made yesterday by Supervisors Lucas and Adams with Harry Lewis regarding the latter's year tenancy of the Kapiolani Park beach property sold by him to the County of Oahu for \$18,000. The committee will report the particulars to the Board of Supervisors Tuesday evening.

Henry Bendel, who lost a hand by an accident on the dredge Pacific on Wednesday, is a graduate of the University of California in electrical engineering. His father is head of Tillman & Bendel, a large wholesale house of San Francisco.

Superintendent Babbitt has written to W. O. Smith, chairman of the Washington delegation, upon the needs of education in Hawaii. The public school attendance has increased from 7732 in 1894 to 15,202 in 1905.

SERNICE PAUHAH BISHOP MUSEUM, KALAH, OAHU.

Residents of Hawaii Territory, and strangers visiting Honolulu are hereby notified that the above named Museum will be open to inspection on **FRI-DAYS AND SATURDAYS** of each and every week of the year, and also upon **ALL PUBLIC HOLIDAYS** (Thanksgiving and Christmas excepted), between the hours of 10 o'clock a. m. and 5 o'clock p. m., from the 31st day of March to the 31st day of October, and from 10 o'clock a. m. to 4:30 o'clock p. m. from the 1st day of November to the 31st day of March of each year until further notice.

Tourists arriving in Honolulu by through steamers on other than the regular visitor's days hereinbefore designated (Sundays and Thanksgiving and Christmas excepted) and leaving prior to the days set apart as regular visitor's days may be admitted to the Museum on **SPECIAL PERMITS**, issued during office hours from the general office of the trustees, No. 77 Merchant street, next door to the banking house of Bishop & Co.

ADMISSION TO MUSEUM FREE. Electric cars bound west on King street pass the Museum every ten minutes during the day.

Honolulu, T. H., June 12th, 1905.
PER ORDER.

THE NEW FRENCH REMEDY, THERAPION.

This successful and popular remedy, used in the Continental Hospitals by Ricord, Rostan, Jobert, Velpau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed.

THERAPION NO. 1 maintains its world-renowned and well-merited reputation for derangements of the kidneys, pain in the back, and kindred ailments, affording prompt relief where other well-tried remedies have been powerless.

THERAPION NO. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of joints, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, etc., to the destruction of sufferer's teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION NO. 3 for exhaustion, sleeplessness, and all distressing consequences of dissipation, worry, overwork, etc. It possesses surprising power in restoring strength and vigor to those suffering from the enervating influence of long residence in hot, unhealthy climates.

THERAPION is sold by the principal Chemists and Merchants throughout the world. Price in England, 2s. 6d. and 4s. 6d. In order, state which number is required, and observe that the word "Therapion" appears on the British Government Stamp (in white letters on a red ground) affixed to every genuine package by order of His Majesty's Hon. Commissioners,

HONOLULU MAY RECEIVE A VISIT FROM VISCOUNT AOKI

Honolulu may shortly be visited by Viscount Aoki, Japan's first Ambassador to the United States, according to the following dispatch:

WASHINGTON, December 26.—Viscount Siuzo Aoki has been appointed Japanese Ambassador to this country. Information to this effect was conveyed to Secretary Root today by Mr. Hiroki, the Japanese charge here.

The Viscount is a member of the Privy Council and of the first-class of the Order of the Rising Sun, the highest order in Japan. He stands in the first rank of Japanese diplomacy, far outranking Mr. Takahira and even Baron Hayashi, the present Japanese Minister to London. He has occupied a prominent place in the Japanese foreign office and was a delegate representing his country at The Hague conference.

Announcement of the appointment of the American Ambassador to Japan will be made in the course of a very few days. Mr. Hiroki was informed that the selection of Viscount Aoki is acceptable to this government.

Viscount Aoki comes as the first Ambassador from Japan to the United States after a distinguished diplomatic service from which he retired about six years ago, when he was recalled by the Emperor to be one of the Privy Councillors, the highest honor that can be hoped for by the nobility. When yet a young man, the new Ambassador went to Germany as a student, and received there training in the large universities. Twice he was returned there as Minister.

It is expected that as soon as the approval of his selection is received from this Government the Viscount, accompanied by the Viscountess, who is of German birth, the Viscount having met and married her while serving his country in Germany, will come to this country.

Viscount Aoki is about 60 years of age. Before entering the Privy Council he was twice Minister of Foreign Affairs, and Mr. Takahira, whom he succeeds, served under him as Vice-Minister.

TWENTY-EIGHT DAYS' TRIP BY TEHUANTEPEC ROUTE

The San Francisco Bulletin says: Shipping men are greatly interested in the contract which has recently been entered into by the American-Hawaiian Steamship Company with the Tehuantepec Railroad to carry sugar from this city to New York in twenty-eight days.

The contract was made so that the carrying of sugar by this route would commence during the present year and as three months have already passed there is considerable speculation when the contract will go into effect.

This contract will have considerable effect on the sea-going trade to New York from this coast and from New York to San Francisco. If the American-Hawaiian Company and the Tehuantepec Railroad can deliver goods in the space of 28 days and the Panama canal route will take about forty days it is to be presumed that the preference will be given to the Tehuantepec route.

The American-Hawaiian Company is going very extensively into the business as can be judged from the fact the two 12,000-ton steamers which are now being built at the Union Iron Works will be put in this trade. It is said that only oil burners will be used on the Pacific side and coal burners on the Atlantic.

The length of the Tehuantepec line is 180 miles and the road is built except for the landing places on the west and east coasts which are now rapidly nearing completion.

The American-Hawaiian Company has been carrying sugar around the Horn which has taken 65 days, and as the best time that has been made is 50 days and a reduction to 28 days means much to the planter, there is not the slightest reason to doubt that this company will be an active competitor for trade and will, perhaps, prove a formidable rival to the Pacific Mail.

BIG FLOUR MAN TO VISIT HONOLULU

Jas. S. Bell, president of the Washburn-Crosby Flouring Mills of Minneapolis, has written for reservations for five rooms at the Moana Hotel. He will be accompanied by his family and his son's family. He will bring an automobile. The Washburn-Crosby mills have one of the largest daily outputs of flour in the United States.

NAVY RETIREMENTS FOR YEAR 1906

Eighteen officers of the navy will retire during 1906, including all but one of the fourteen rear admirals now on the active list. The retirements in the naval personnel, arranged according to their occurrence during 1906, are as follows:

Rear Admiral Glass, January 7, already retired.

Rear Admiral H. N. Manny, January 22.
Rear Admiral Edwin Longnecker, February 19.
Rear Admiral B. F. Lamberton, February 25.
Rear Admiral F. E. Chadwick, February 29.
Rear Admiral C. W. Chester, February 29.

Pay Director Stephen Rand, May 11.
Rear Admiral G. A. Converse, May 13.
Rear Admiral Thomas Perry, May 26.
Rear Admiral P. F. Harrington, June 6.

Capt. John J. Hunter, June 12.
Rear Admiral B. H. McCalla, June 19.
Prof. W. W. Hendrickson, June 21.
Rear Admiral R. B. Bradford, June 22.

Medical Director Robert A. Marmion, September 6.

Rear Admiral F. W. Dickens, November 2.
Civil Engineer Mordecai T. Endicott, November 26.

Rear Admiral J. B. Coghlan, December 9.

There are no regular retirements in the Marine Corps during the year.
